ZOTnet is like being on campus...

...without the drive!

Get Signed up TODAY!

In Person: visit the UCI Computer Store

On-Line: http://www.zotnet.net

Phone: 1 - 888 - 438 - 2963

Dial Up for $14.95 per month*   DSL for $49.95 per month*

ZOTnet offers what the other ISPs canOt:

- **Remote access to UCI without passwords or software configurations**

- **Access to UCI lists and course materials not available via other ISPs**

- **The ability to download UCI licensed software**

- **The fastest ISP connection to the UCI network**

- **Stop toll charges to the UCI modem pool**

- **2,000 Internet access numbers in the US and other countries**

- **Works with AOL IM.**

- **Its the only ISP you need at UCI and at home!**

FACULTY and UCI staff:

You may save expensive toll charges by using ZOTnet if you frequently access the free modem pool from outside the Irvine area. You get the same faculty access with a ZOTnet account from any our numbers in California plus Internet access using any of our 2,000 numbers in the US and some countries. Use our free Web Mail to read and send mail from any computer on the Internet anywhere. If you're already paying for a second ISP service why not save and have one ZOTnet account?

ZOTnet provides remote, no hassle access to publications, research databases, library resources and more without passwords or logins.

ZOTnet provies access to many UCI lists and course materials not available with other ISPs.

ZOTnet is a national ISP

Use it for school in your apartment... and even use it for fun on vacations or at home in the summer.

Get everything you'd expect form a national ISP. Use one of over 2,000 dial-up numbers in the US and other countries. Use it with AOL IM without subscribing to AOL.

ZOTnet is the only online service you need...

Works with AOL Instant Messenger

National access numbers

Read and send E-mail from any computer

Best Internet account

Unlimited hours
No busy signals
Direct Internet access
Nation wide dial up numbers
Personal web page directory (10MB)
Private E-mail
Friendly tech support
Easy to use Web Mail
56k v.90 modems

The ZOTnet service was created in partnership with UCI to provide affordable, remote access to UCI and is available only to active students, faculty, and staff. ZOTnet subscribers may keep their national ZOTnet ISP account at the same discounted price after graduation but access to non public UCI online resources will no longer be available without active school status.

UCI resources are paid for and provided by UCI. Some are avilable without the need of a ZOTnet account via computers on campus, Ethernet in UCI dorms, or the faculty modem pool. Some library resources are available by way of a proxy server via other ISP's, a method that requires a login and password and sometimes a software configuration with each session. ZOTnet permits access to those resources without the need of a login and proxy procedure. Some UCI resources are not available via proxy servers and can only be accessed by a ZOTnet or UCI domain and are not available via other online services.

UCI access privileges work with any one of the hundreds of phone numbers listed on our website within California. ZOTnet users also have internet access via any of our 2,000 numbers in the US and other countries.

There is a $14.95 setup fee when first signing up for dial-up accounts that will be waived if the first 6 months of service are prepaid. DSL is not availabe in all areas and a small installation fee may be required. Contact "sales@ZOTnet.nt" for details or visit our website.

ZOTnet is provided by zNET internet Services, 5280 Carroll Canyon Rd., Suite 310, San Diego, CA 92121. www.znet.net Ph: 858-713-0700 Fax: 858-713-0722
